

Senior Consultant – International Business

For this advertised role, we are particularly interested in candidates with business consulting and investment experience.

Emerging Markets Consulting (EMC) is currently seeking candidates to join our team as a **Senior Consultant** in the Cambodia office. This position is **full-time** and offers **significant growth opportunities**. Senior Consultants at EMC typically manage several consulting projects simultaneously and you will regularly have the opportunity to apply your existing analytical skills and experience to problem solving in new thematic areas. This has provided previous Senior Consultants with an excellent opportunity to rapidly diversify their knowledge base, across private and development sectors.

EMC is a strategic management and development consulting firm that brings international best practices to the private and development sectors in Southeast Asia by offering our clients an unparalleled combination of international expertise and extensive local knowledge.

The International Business practice undertakes a diverse range of consulting projects, encompassing economic, business, and market research, as well as industry and financial analysis. Our clients are typically international corporates and development partners, seeking strategic advice to support major investments.

Main Responsibilities

- Lead project teams comprising consultants, senior business analysts and business analysts
- Define consulting tasks, manage project resources, and lead analysis
- Lead preparation of project deliverables
- Manage the client relationship to completion of the project
- Support business development with existing and new clients
- Contribute to the management of the consulting business (human resources, operations, and strategy)
- Ensure that EMC's brand and work maintains the highest standards of quality and ethical conduct.

Required Qualifications & Experience

- 5 years of relevant experience in private (ideally) or development sector
- Excellent academic credentials, master-level degree preferred
- Exceptional analytical (quantitative and qualitative) and communication skills
- Write and present reports in English
- Knowledge of Asia & regional business environment and economy preferred

Skills & Capabilities

- Master new challenges in unfamiliar disciplines
- Successfully manage projects to client deadlines and objectives
- Coordinate several projects simultaneously
- Manage staff, including mentoring and developing junior levels
- Develop strong and mutually beneficial client relationships
- Consistently deliver high quality performance in all aspects of your work

Applications

EMC is committed to diversity and inclusion within its workforce and encourages qualified female and male candidates from all religious and ethnic backgrounds, including people with disabilities, to apply.
